ACTA BIOLOGICA CRACOVIENSIA

Series Botanica

The Official Publication
of the Biological Commission of the Polish Academy of Sciences – Cracow Branch
and the Jagiellonian University, Cracow

DEVOTED TO PLANT ANATOMY, MORPHOLOGY, CYTOLOGY, GENETICS,
KARYOLOGY, EMBRYOLOGY, TISSUE CULTURE, PHYSIOLOGY,
BIOCHEMISTRY, BIOSYSTEMATICS, MOLECULAR PHYLOGENETICS
AND PHYLOGEOGRAPHY, PHYTOCHEMISTRY

ESTABLISHED 1958

© Polish Academy of Sciences and the Jagiellonian University, Cracow 2018

Polish Academy of Sciences provided partial funding for the publication of this volume

**ACTA BIOLOGICA CRACOVIENSIA Series Botanica is published twice a year
by the Polish Academy of Sciences – Cracow Branch, ul. św. Jana 28, 31-018 Cracow, Poland
and the Jagiellonian University, ul. Gołębia 24, 31-007 Cracow, Poland**

Printed by Agencja Wydawniczo-Poligraficzna GIMPO, ul. M. Grzegorzewskiej 8, 02-778 Warszawa,
tel. +48 501 076 031, e-mail: gimpo@poligrafia.waw.pl

Printed in 100 copies.

Prepress: Dom Wydawniczy ELIPSA, ul. Inflancka 15/198, 00-189 Warszawa,

Review Board

Vol. 60/1/2018

The Editor is deeply grateful to those listed below who have generously given their time to review manuscripts submitted to volume 60/1 of *Acta Biologica Cracoviensia Series Botanica*

ANNA AKSMANN (University of Gdańsk, Gdańsk)

HIEU X. CAO (Leibniz Institute of Plant Genetics and Crop Plant Research, Gatersleben)

GIANNANTONIO DOMINA (University of Palermo, Palermo)

HELENA GAWROŃSKA (SGGW, Warszawa)

PIOTR GAWROŃSKI (SGGW, Warszawa)

BARBARA GODZIK (Polish Academy of Sciences, Kraków)

GRZEGORZ GÓRALSKI (Jagiellonian University in Kraków, Kraków)

ANDRZEJ KORNAŚ (Pedagogical University of Cracow, Kraków)

MONIKA KOZŁOWSKA (Poznań University of Life Sciences, Poznań)

ADAM KULA (University of Agriculture in Krakow, Kraków)

MONIKA KULA (Polish Academy of Sciences, Kraków)

KUMAR KUNDAN (Birla Institute of Technology and Science, Pilani)

TAEK-RYOUN KWON (The National Academy of Agricultural Sciences, Jeonju)

JUSTYNA LEMA-RUMIŃSKA (University of Technology and Life Sciences in Bydgoszcz, Bydgoszcz)

JÓZEF MITKA (Jagiellonian University in Kraków, Kraków)

SERGEI L. MOSYAKIN (National Academy of Sciences, Kiev)

MARCIN RAPACZ (University of Agriculture in Krakow, Kraków)

COSTAS SAITANIS (Agricultural University of Athens, Athens)

EDYTA SKRZYPEK (Polish Academy of Sciences, Kraków)

HALINA ŚLESIAK (Jagiellonian University in Kraków, Kraków)

KATARZYNA WOJCIECHOWICZ (Adam Mickiewicz University in Poznań, Poznań)

NASSER ZARE (University of Mohaghegh Ardabili, Ardabil)

KRYSZYNA ŻUK-GOŁASZEWSKA (UWM, Olsztyn)

ANDRZEJ ŻYROMSKI (Wrocław University of Life and Environmental Sciences, Wrocław)

ACTA BIOLOGICA CRACOVIENSIA

Series Botanica

CONTENTS

Volume 60/1, 2018

Original papers

WOJCIECH BIENIEK

Phylogeographic investigation of *Hordeum murinum* L. in Europe based on DNA markers 7

PHUC THI DO, HOA QUYNH PHAM, HA MANH NGUYEN AND DIEP HONG LE

Assessment of sequence polymorphism and gene expression of *OsSOS1* gene in two contrasting rice genotypes 25

KLAUDIA BOROWIAK, ANNA BUDKA, ANETTA HANĆ, DARIUSZ KAYZER, MARTA LISIAK, JANINA ZBIERSKA, DANUTA BARAŁKIEWICZ, DONATA IWANIUK AND NATALIA ŁOPATKA

Relations between photosynthetic pigments, macro-element contents and selected trace elements accumulated in *Lolium multiflorum* L. exposed to ambient air conditions 35

RENATA PIWOWARCZYK, MAGDALENA DENYSENKO-BENNETT, GRZEGORZ GÓRALSKI, DAGMARA KWOLEK, ÓSCAR SÁNCHEZ PEDRAJA, PATRYK MIZIA, MAGDALENA CYGAN AND ANDRZEJ J. JOACHIMIAK

Phylogenetic relationships within *Orobanche* and *Phelipanche* (Orobanchaceae) from Central Europe, focused on problematic aggregates, taxonomy and host ranges 45

ELŻBIETA SKÓRSKA AND ANTONI MURKOWSKI

Photosynthetic responses of *Chlorella vulgaris* L. to short-term UV-B radiation exposure 65

JUNICHI UEDA, JUSTYNA GÓRAJ-KONIARSKA, KENSUKE MIYAMOTO AND MARIAN SANIEWSKI

Epinasty and/or hyponasty, and petiole growth in *Bryophyllum calycinum*: Focus on the interaction of indole-3-acetic acid and methyl jasmonate 73

SELMA BEN ABDELAALI, OLFA SADDOUD DEBBABI, NASR BEN ABDELAALI,

MOHAMED RABEH HAJLAOUI AND MESSAOUD MARS

Fingerprinting of on farm conserved Tunisian local orange cultivars (*Citrus sinensis* L. Osbeck) using microsatellite markers 83

HARPREET KAUR

Cytological studies on some members of Commelinaceae Mirb. from Kangra Valley (Himachal Pradesh) with a short summary of karyological data on the analyzed genera 95

INSTRUCTIONS

ACTA BIOLOGICA CRACOVIENSIA Series Botanica is an English-language journal founded in 1958, devoted to plant anatomy and morphology, cytology, genetics, karyology, embryology, tissue culture, physiology, biochemistry, biosystematics, molecular phylogenetics and phylogeography, as well as phytochemistry. It is published twice a year.

1. *ACTA BIOLOGICA CRACOVIENSIA* Series Botanica publishes **original papers** embodying the results of experimental or theoretical research, **invited reviews**, and **brief communications**. Manuscripts will be considered only on the understanding that they have not been published and are not being considered for publication elsewhere, that all authors agree on the content of the manuscript, and that laws on nature protection were not violated during the study. Authors have to indicate their specific contributions to the published work in **Authors' Contributions** and the sources of financial support of their research in **Acknowledgements**. They should clearly describe the following in their cover letter: (1) the aims and hypothesis of the paper; (2) the novelty of the paper – new achievements or innovations contained in the paper; and (3) the general significance of their paper. Articles should be written in English (American spelling). Authors whose native language is not English are strongly advised to have their manuscripts checked by a professional translator or a native speaker prior to submission. Manuscripts should be written concisely. Purely descriptive studies, karyological notes on plants outside of central Europe, papers on economic botany as well as manuscripts of restricted interest generally are not considered for publication. *In vitro* studies which only describe protocols for plant regeneration without providing relevant biological information will not be considered for publication. A manuscript in the field of plant cell culture, physiology, biochemistry and phytochemistry must contain new insights that lead to a better understanding of some aspect of fundamental plant biology. They should be of interest to a wide audience and/or the methods employed should contribute to the advancement of established techniques and approaches. Authors are charged a fee for publication of their articles. The bill for publication will be sent with the galley proof. The fee, which is calculated after all articles are accepted, will not exceed 20 USD per printed page for foreign authors and 70 PLZ per printed page for Polish authors. For the standard fee, color illustrations will appear only in the online version of the Journal. At authors' request and for an extra fee, color illustrations may also appear in the printed version. While sending the manuscript, in the letter to the Editor, the authors should declare their contribution towards the extra costs and enumerate the illustrations which are to be printed in color.
2. Manuscripts should be submitted via the editorial manager: **www.editorialsystem.com/abcsb**
Editor:
Prof. Dr. ANDRZEJ JOACHIMIAK
Department of Plant Cytology and Embryology
Jagiellonian University
ul. Gronostajowa 9, 30-387 Kraków, Poland
e-mail: a.joachimiak@uj.edu.pl
Manuscripts will be examined by at least two anonymous and independent referees who have declared that they have no conflict of interest with the author(s). Invited referees evaluate the manuscript according to the following criteria: (1) formal aspects, (2) originality, (3) importance in its field, (4) theoretical background, (5) adequacy of methodology, (6) results and interpretation, and (7) overall quality.
3. To shorten the review process, authors are asked to indicate 3 or 4 names of specialists working in the same scientific discipline outside of their institution (including the name of their institution and e-mail addresses) who could serve as reviewers of the manuscript. Manuscripts should be double-spaced, with lines numbered. On all points of **style regarding text and tables**, follow a current copy of the journal. Words to be italicized (scientific names of genus and species only) should be typed in italics.
4. Original papers should not exceed 8 printed pages (approx. 24 manuscript pages including tables and figures).
5. Original papers should be headed by the title of the paper, author's name, institution, address, e-mail address of corresponding author(s) and short title (no more than 50 characters), and should be preceded by 5–10 **Key words** and a short **Abstract**. Original research papers should be divided into the following sections: **Introduction, Materials and Methods, Results, Discussion, Conclusion, Authors' Contributions, Acknowledgements** and **References**.
6. Invited reviews are mostly of limited scope on timely subjects written for a general, well-informed audience. Invited reviews are solicited by the Editor. Ideas for unsolicited reviews should be discussed with the Editor. They are subject to the usual review procedure.

7. Brief communications are short papers (1–4 printed pages) reporting new findings that do not need a standard full-length treatment with the usual main headings. Brief communications are subject to normal review.
8. **References** in the text should be cited in the following form: Newton (1990) or Newton and Berrie (1982) or (Ward, 1950; Hiroshi and Ohta, 1970). For three or more authors, use the form Zinkowski et al. (1991) or (Zinkowski et al., 1991).

Examples of style for references:

a) citations of journal papers:

PALMER TP. 1962. Population structure, breeding system, interspecific hybridization and allopolyploidy. *Heredity* 17: 278–283.

CHEN BY, HENEEN WK, SIMONSEN V. 1989. Comparative and genetic studies of isozymes in resynthesized and cultivated *Brassica napus* L., *Brassica campestris* L., and *B. alboglabra* Baitey. *Theoretical and Applied Genetics* 77: 673-679.

b) citations of books, congress proceedings, theses:

BERGRREN DJ. 1981. *Atlas of Seeds*, part 3. Swedish Museum of Natural History, Stockholm.

BING D, DOWNEY RK, RAKOW GFW. 1991. Potential of gene transfer among oilseed *Brassica* and their weedy relatives. *Proceedings of the GCTRC Eighth International Rapeseed Congress*, 9–11 July 1991, 1022-1027. Saskatoon, Saskatchewan.

ROMEJO JT. 1973. A chemotaxonomic study of the genus *Erythrina* (Leguminosae). Ph.D. dissertation, University of Texas, Austin, TX.

c) citations of articles and chapters from books:

PHILLIPS RL. 1981. Pollen and pollen tubes. In: Clark G [ed.], *Staining Procedures*, 61-366. Williams and Wilkins, Baltimore, MD.

Authors' names in References should be written in small caps.

9. **Tables** must be numbered consecutively with Arabic numerals and submitted separately from the text at the end of the paper. The title should be brief and written in the upper part of the table. Footnotes to tables should be indicated by lower-case letters.
10. **Illustrations** must be restricted to the minimum needed to clarify the text. Previously published illustrations are not accepted. All figures (photographs, graphs, diagrams) must be mentioned in the text. All figures are to be numbered consecutively throughout and submitted separately. Figure captions should be given on a separate page.
Photographs should be submitted the same size as they are to appear in the journal. If reduction is absolutely necessary, the scale desired should be indicated. The publisher reserves the right to reduce or enlarge illustrations. Photographs should match either the column width (83 mm) or the printing area (170 x 225 mm). Whenever possible, several photos should be grouped in a plate. The photos should be sharp, and each one should be marked with a lower-case letter on the plate. For photographs without an integral scale the magnification of photographs must be stated in the legend. Color illustrations will be accepted; however, the author will be expected to contribute towards the extra costs. The charge will not exceed 150 USD per printed page for foreign authors and 500 PLZ per printed page for Polish authors.
11. **Manuscripts** resubmitted after revision: Submit your text written in a standard program (Microsoft Word). Bitmap graphics files should be written in TIFF, PCX, EPS or BMP, and vector graphics in AI or CDR (curves). Illustrations written in MS Word or PowerPoint will not be accepted. Submit the text, tables and each figure (plate) as separate files. Every paper will be checked for style and grammar. The Editor reserves the right to introduce corrections suggested by the journal's line editor.
12. **Proof** will be sent directly to the authors in electronic form as a pdf file. Authors' corrections have to be inserted in the printout of the **PDF proof**. The corrected proofs must be returned to the Editor within six days via Editorial Manager or by e-mail. Proofs not returned promptly by authors will be corrected by the Editor.
13. **Copyright**. Exclusive copyright in all papers accepted for publication must be assigned to the Polish Academy of Sciences, but the Academy will not restrict the authors' freedom to use material contained in the paper in other works by the authors (with reference where they were first published).
14. **Offprints**. A pdf of each paper is supplied to the authors free of charge.
