INSTRUCTIONS TO AUTHORS

ACTA BIOLOGICA CRACOVIENSIA Series Botanica is an English-language journal founded in 1958, devoted to plant anatomy and morphology, cytology, genetics, karyology, embryology, tissue culture, physiology and biosystematics. It is published twice a year.

1. *ACTA BIOLOGICA CRACOVIENSIA Series Botanica* publishes **original papers** embodying the results of experimental or theoretical research, **invited reviews**, and **brief communications**. Manuscripts will be considered only on the understanding that they have not been published and are not being considered for publication elsewhere. Authors are charged a fee for publication of their articles. The bill for publication will be sent with the galley proof. The fee, which is calculated after all articles are accepted, will be not more than \$20.00 USD per printed page.
2. Manuscripts including illustrations should be sent to the Editor:
Prof. dr. ELŻBIETA KUTA
Department of Plant Cytology and Embryology
The Jagiellonian University
ul. Grodzka 52, 31-044 Cracow, Poland
Tel./Fax: +48-12-422 81 07
e-mail: e.kuta@iphils.uj.edu.pl
Manuscripts will be examined by two referees.
3. Manuscripts should be submitted via e-mail as an attached pdf file to the address of the Editor. To shorten the review process, authors are asked to indicate 3 or 4 names of specialists working in the same scientific discipline (including their institution and e-mail addresses). Manuscripts should be double-spaced with a broad margin (for remarks). On all points of **style regarding text and tables**, follow a current copy of the journal. Words to be italicized (scientific names of genus and species only) should be typed in italics.
4. Original papers should not exceed 8 printed pages (approx. 24 manuscript pages including tables and figures).
5. Original papers should be headed by the title of the paper, author's name, institution, address (e-mail address if possible) and running title (no more than 50 characters), and should be preceded by 5–10 **Key words** and a short **Abstract**. Original research papers should be divided into the following sections: **Introduction**, **Materials and Methods**, **Results**, **Discussion**, **Acknowledgements** (if any) and **References**.
6. Invited reviews are mostly of limited scope on timely subjects written for a general, well-informed audience. Invited reviews are solicited by the Editor. Ideas for unsolicited reviews should be discussed with the Editor. They are subject to the usual review procedure.
7. Brief communications are short papers (1–3 printed pages) reporting new findings that do not need a standard full-length treatment with the usual main headings. Brief communications are subject to normal review.
8. **References** in the text should be cited in the following form: Newton (1990) or Newton and Berrie (1982) or (Ward, 1950; Hiroshi and Ohta, 1970). For three or more authors, use the form: Zinkowski et al. (1991).

Examples of style for references:

a) citations of journal papers:

PALMER TP. 1962. Population structure, breeding system, interspecific hybridization and allopolyploidy. *Heredity* 17: 278–283.

CHEN BY, HENEEN WK, and SIMONSEN V. 1989. Comparative and genetic studies of isozymes in resynthesized and cultivated *Brassica napus* L., *Brassica campestris* L., and *B. alboglabra* Baitey. *Theoretical and Applied Genetics* 77: 673–679.

b) citations of books, congress proceedings, theses:

BERGRREN DJ. 1981. *Atlas of Seeds*, part 3. Swedish Museum of Natural History, Stockholm.

BING D, DOWLEY RK, and RAKOW GFW. 1991. Potential of gene transfer among oilseed *Brassica* and their weedy relatives. *Proceedings of the GCTRC Eighth International Rapeseed Congress*, 9–11 July 1991, 1022–1027. Saskatoon, Saskatchewan.

ROMEO JT. 1973. A chemotaxonomic study of the genus *Erythrina* (Leguminosae). Ph.D. dissertation, University of Texas, Austin, TX.

c) citations of articles and chapters from books:

PHILLIPS RL. 1981. Pollen and pollen tubes. In: Clark G [ed.], *Staining Procedures*, 61–366. Williams and Wilkins, Baltimore, MD.

9. **Tables** must be numbered consecutively with arabic numerals and submitted separately from the text at the end of the paper. The title should be brief and written in the upper part of the table. Footnotes to tables should be indicated by lowercase letters.
10. **Illustrations** must be restricted to the minimum needed to clarify the text. Previously published illustrations are not accepted. All figures (photographs, graphs, diagrams) must be mentioned in the text. All figures are to be numbered consecutively throughout and submitted separately. Figure captions should be given on a separate page.
- 10.1. Photographs should be submitted the same size as they are to appear in the journal. If reduction is absolutely necessary, the scale desired should be indicated. The publisher reserves the right to reduce or enlarge illustrations. Photographs should match either the column width (83 mm) or the printing area (170 x 225 mm). Whenever possible, several photos should be grouped into a plate, and they should be sharp. For photographs without an integral scale the magnification of photographs must be stated in the legend. Color illustrations will be accepted; however, the author will be expected to contribute towards the extra costs.
11. Accepted manuscripts may be submitted on CD or sent via e-mail as an attached file to the address of the Editor. Submit your text written in a standard program (Microsoft Word). Bitmap graphics files should be written in TIFF, PCX, EPS or BMP, and vector graphics in AI or CDR (curves). Every paper will be checked for style and grammar. The Editor reserves the right to introduce corrections suggested by the journal's copy editor. Only papers requiring complete revision in this regard will be returned to the authors for approval.
12. **Proof** will be sent directly to the author in electronic form as a pdf file. Authors' corrections have to be inserted in the print-out of the PDF proof. The corrected proofs must be returned to the Editor within two days by fax or by e-mail. Proofs not returned promptly by authors will be corrected by the Editor.
13. **Copyright**. Exclusive copyright in all papers accepted for publication must be assigned to the Polish Academy of Sciences and the Jagiellonian University, but the Academy and the University will not restrict the author's freedom to use material contained in the paper in other works by the author.
14. **Offprints**. Pdf of each paper is supplied to the author free of charge.

Indexed in *Science Citation Index*, *Current Contents (Agriculture, Biology & Environmental Sciences)*, *Biological Abstracts*, *BIOSIS Data*, *Index Copernicus*, *Polish Scientific Journals Contents – AGRIC. & BIOL. SCI.*, *AGRO-AGEN*.
